Young America Joins Clubs..

PIONEER

Foreword

EVEN in this time of war, Young America needs to have its social education as well as the academic education that American Universities and Colleges are so famous for.

Here at SJC, the three different types of clubs, Career, Service and Social, all lead to a better college life with our fellow man. They all develop the same idea, of the working together of their particular members, and also with the other clubs on the campus. This working together is the thing that will lead to a United victory in the end against our enemies that we may have to meet in the years that are to come.

In the following 20 pages are the clubs of these different types that are found on the SJC campus and the highlights and ideals of these different clubs whether they be Career, Service or Social.

ON OUR COVER

Of the many club presidents on the SJC campus, Pioneer editors picked Barbara Odgers, Student Christian Association president, as the one who symbolizes the type of leader Young America needs today. The Student Christian Association, one of the few service clubs on the campus, has done much for the underprivileged in Sacramento. Barbara recently headed the "Mr. Wing" fund-raising campaign to assist refugee students of China's itinerant colleges.

CAREER

With one of the biggest Technical Institutes in the United States, Sacramento Junior College has begun not only to train men for the job that is to come, but also to train the many engineers that will be needed to build up the airplane industry in future peaceful days to come. With the training given them, the engineers of today will be the inventors of tomorrow. It is with hope that

some day planes will be without guns and it is for these days that the Technical Institute of Sacramento Junior College is leading Young America.

Taking an active part in the college activities these boys have turned out many leaders in the past. Ed Amacker led the group in the Spring semester and Harvey Gum in the Fall.

Theta Epsilon

Perfect hostesses of tomorrow are members of SJC's home economics club, Theta Epsilon sorority, for through their activities members endeavor to develop themselves and their personalities to the fullest extent. Meanwhile serving as hostesses of today to soldiers and men students from Student Manor, club members also enjoy pot-luck and progressive dinners at meetings. Periodic fashion shows enable the women to display clothes made by themselves and to acquire poise and correct carriage.

A Conference Rally encompassing girls from high schools and colleges throughout the north central part of California was one of the chief projects of the group. Activities of the Fall semester were under the guidance of Lillian Geer, president; Kitty Larson, vice president; Oneita Jones, secretary, and Genette McKinnon, treasurer. Kitty Larson served as Spring president; Joanne Clay, vice president; Betty Hardy, secretary, and Juanita Barefoot, treasurer. Dr. Saidee Stark and Miss Lola Pickles of the home economics staff sponsor Theta Epsilon.

A Cappella Choir

One of the outstanding choirs west of the Rocky Mountains is the Sacramento Junior College A Cappella Choir. Organized in October, 1931, the choir, consisting of 25, is under the direction of Miss Ivine Shields. As in all other co-ed activities, the choir has felt a decided decrease in the enrollment of male students.

Anticipated with much pleasure by choir members are the many trips taken every semester throughout California. While on these trips the choir not only does an excellent job of singing but also serves as an advertisement agency for the college. Accompanying the choir on these tours,

giving talks, and distributing literature about JC is Registrar Michael J. Brickley.

Somewhat independent is this well-knit organization, as all trips taken by it are financed by the money made by the group.

Outstanding feature of this choir, besides singing ability, is the remarkable attitude expressed by its members about group. They are a group of friends — each with his own important part to play in the formation and success of the choir.

Fall semester president was Elma Pierini; Spring leader was Prudence Hawley.

Phi Theta Kappa

Phi Theta Kappa, national junior college honor society and little brother to "Fybate" is not only the largest organization on the Sacramento Junior College campus but is also the largest chapter of the national group. National vice president Dexter Rivett and Charles Johnston, representing Alpha Pi, were the lucky two who traveled to Gulfport, Mississippi, attending the national convention while enjoying the scenery of the eastern states.

A record-breaking number of students were pledged to the group in the Spring under the di-

rection of officers: president, Leland Babcock; vice president, Elma Pierini; secretary, Ida Frances Greer; treasurer, Ed Reinhart. Fall officers were: president, Douglas Frame; vice president, Leland Babcock; secretary, Elma Pierini; treasurer, Betty Schwing; regional representative, Gilbert Gass.

Phi Theta Kappa meetings, held every three weeks, were noted for their exceptional guest speakers. Programs were not only educational but entertaining from a social viewpoint as well.

Student Christian Association

The Student Christian Association founded in the spring of 1939 forms one of the newest clubs to be added to the SJC campus. A combination of the Student Y.M.C.A. and the Y.W.C.A., this club's activities are: informal luncheons, tours to different sections of Sacramento, publication of the S.C.A. paper, "The Sentinel," attending conventions and conferences where the purpose of the Christian movement is discussed.

At the beginning of each semester, the Stag-Stagette, the first mixer dance, is given by the S.C.A. Last semester they put over the idea of "Howdy Day," on the last day of the frosh hazing week.

The officers of the S.C.A. are: President, Barbara Odgers; vice president, Marjorie Taylor; secretary, Melba Tanner, and treasurer, Blanche Westergaard. Club sponsors are Dr. H. T. Tyler and V. Mickelson. Informal meetings are held every Thursday at noon in the cafeteria, where there is a unity of purpose in Cabinet meetings, and quantity of speakers.

Among their other activities, the SJC Student Christian Association members took part this semester in attending the Northern California Area Conference of the S.C.A. SJC members held International Sports Nite in conjunction with the drive for the World Student Fund.

manic, Doris Kent.

Romany Rawnies

The largest campus women's club, for out of town girls, is the one designed to carry out social and service activities.

At the beginning of every semester a freshman tea and Gypsy candle light initiation ceremony is held. Social highlight for the past year was the Formal Gypsy Ball which was given in the Spring atmosphere at the Clunie Club House. The outstanding

event of the evening was the Gypsy ceremony and crowning of the Gypsy queen.

Officers for the Fall semester were Betty Larsen, president; Lillian Geer, vice president; Betty Lou Mahoney, secretary; Doris Oneita, treasurer. For the Spring semester Lillian Geer, president; Mary Margaret Lucas, vice president; Marie Wilson, secretary, and Kay Widrig, treasurer.

SOCIAL

The never ending succession of social events on the campus lead to a happier college life. The Como Amiga, Sigma Iota Chi, Sigma Phi Kappa and Omega Alpha Kappa lend to the SJC campus the traditional sorority and fraternity life that is so typical of American Universities and Colleges.

However here at SJC they all take an active part in school activities and many of the various members can be found in the picture below taken by Pioneer Photographer Gil Culver (Spring Student Body President) at a Stag-Stagette given by the Associated Men Students.

Omega Alpha Kappa

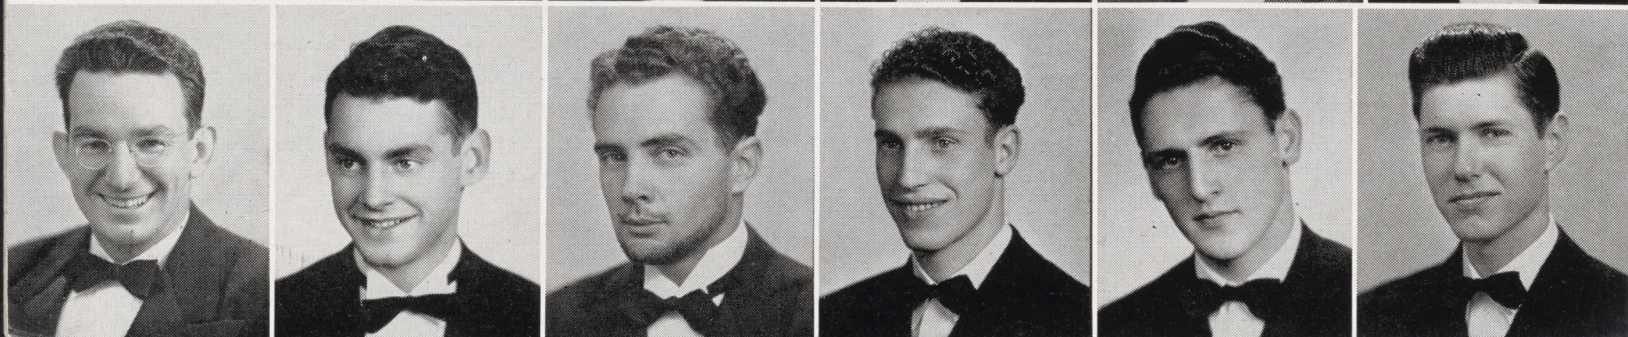

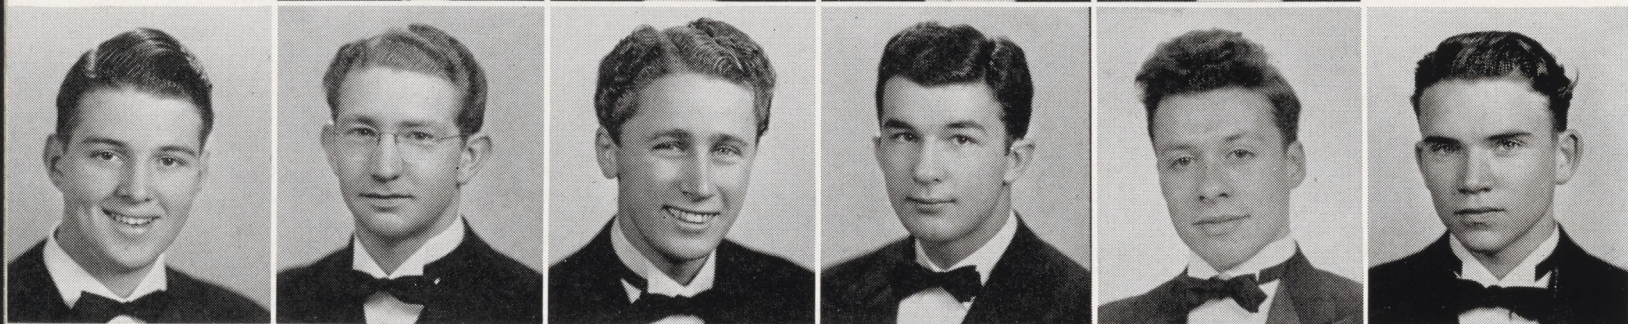

Omega Alpha Kappa members exalted themselves in many fields and continued to hold up the high ideals of the fraternity. Many members were called to the colors to defend the American Ideals against tyranny and were not found wanting.

Many social events filled the year, climaxed when the OAK "Put on the Dog" in theme as well as in style at their annual Spring Dance.

The Fraternity was represented in the government of the college in both semesters with Bill Hart as Sophomore Representative, Vernin Brammer Men's Representative, and Louis Grab Chairman of Noon Dances in the Fall semester. In the Spring semester Kenneth Tucker was Freshman Representative, Vernon Brammer Business Manager and John Henderson Chairman of Publications.

Como Amiga

Not only for social purposes was the Como Amiga Sorority organized in March, 1926, at the Sacramento Junior College. JC's oldest sorority is noted for its numerous activities—social, charitable, and most important of all in these times, defense!

A Winter Formal with the theme, "A Night in Toyland," took guests back to reminiscing about their childhood. On the eve of Washington's birthday the group became patriotic with their theme of "Cherry Tree Chop," a sport dance.

Presidents of Fall and Spring semesters were June Spilman and Marjorie Willard, Miss Spilman also being Fall Pan-Hellenic secretary and Miss Willard, Spring Pan-Hellenic vice president. Other Fall officers were: vice president, Enid Rooney; secretary, Betty McBain; treasurer, Marjorie Willard; Pan-Hellenic representative, Frances Holdener. Spring officers were vice president, Betty Ashton; secretary, Jean Harelson; treasurer, Enid Rooney; Pan-Hellenic representative, Marian Nelson. Como Amiga sponsor is Miss Margaret Harrison.

Sigma Iota Chi

Both social and service motives provide the incentive for well-rounded activities carried on by Sigma Iota Chi Sorority, only nationally-affiliated sorority on the SJC campus.

Starting off the Fall semester with a very successful barn dance, Sigma Iota Chi also presented its Winter formal, "Snowfall," in January. Spring semester activities included a formal dinner dance for members at a local hotel.

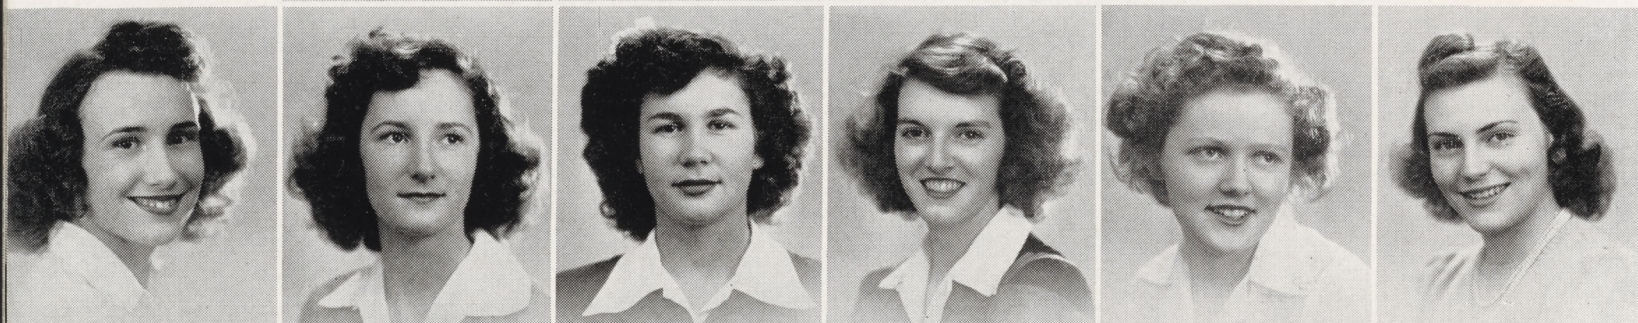

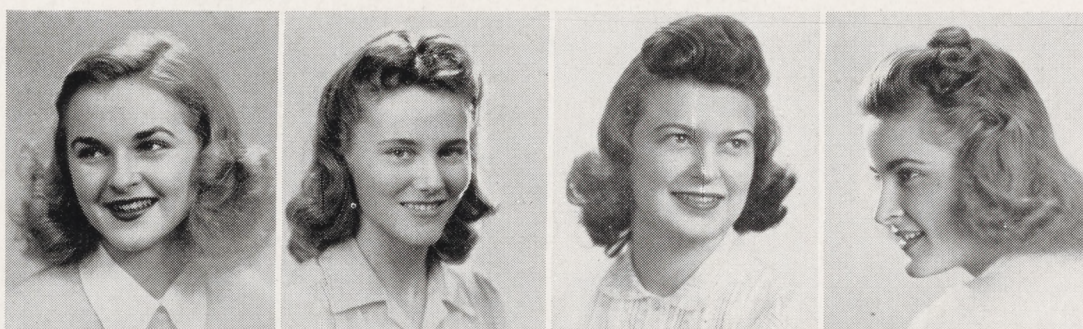

Rushing parties for prospective members of the group featured a rural theme for the Fall and

carried a Chinese atmosphere in the Spring. Fall officers were: Laura Brown, president; Betty Butler, vice president; Betty Ann Brown, secretary, and Renee Andress, treasurer. Betty Ann Brown was Spring president; Betty Persons, vice president; Phyllis Erickson, secretary, and Isabelle Sheldon, treasurer.

Panhellenic offices were kept in the Brown family, with Laura serving as vice president for the first part of the year and Betty Ann acting as president in the Spring term. Mrs. Donald P. Seldon sponsors the organization.

Sigma Phi Kappa

Active among SJC social groups, Sigma Phi Kappa sorority nevertheless does not confine its activities to purely social functions. Included in the varied program carried on by the sorority are such charitable activities as furnishing baskets to needy families at Christmas, and members carry on defense work individually.

High point of the Fall season was the annual formal dance presented in December, which rang in the holiday season with tiny bell charms presented as favors. "Hours of Charm" provided the theme for that affair, which was followed by "Swinging in the Corn," a barn dance in the Elk Grove Clubhouse. A joint meeting with the O.A.K. fraternity also enlivened Spring semester activities.

Going back to their childhood days for rushing

parties, members and prospective sisters donned short skirts and hairbows for their traditional kid parties.

Fall term plans were under the direction of President Doris Harvey, assisted by: Jean Boice, vice president; Betty Goodenow, social secretary; Barbara Link, recording secretary, and Donna Schooler, treasurer. Spring officers include: Estelle Yost, president; Carol Mathison, vice president; Margaret Bjodstrup, secretary; Helen Gardner, treasurer, and Hope Deter, corresponding secretary. Doris Harvey was Fall Panhellenic president, while Estelle Yost served as secretary-treasurer of that organization during the Spring semester. Mrs. Worthington Prince is the group sponsor.
